Nancy,
I think I will always remember the good times we had. Like when we went and saw The Boston Strangler and the drive-in New years Eve. But, about that time yours and my friendship was almost shot. But, finally we are friend. I knew it wouldn't take ess long. I think when we stopped dating it was all for the best. I enjoyed going out with you. Best of luck - with Jim. One of these days I would like you meet him on friendlier terms.
Good luck in the future. Keep in touch and let me know how things go.

Nance,

To my bestest buddy. It's funny that I don't know what to say. You could probably guess everything I wrote before you read it. I really am glad we got together. There shared alot of fun and problems together. I know I don't have to wish you happiness, because you already have it all. Parties, nights out, classes and everything will be put in my chest of memories I still have to pay you back for that little stunt you pulled. I must admit, though, it was kind of cute and as future Mrs. Carpree and mother of your first baby girl I'm sure you'll be a carpree to now. I want you married.

Lots of Love,

Julie

Dear Nancy,

I'll never forget the first day you came into crafts class. We crushed clay for three days and had a really great conversation going. Even though we've never met again, I feel that I really know him. All I can do is to wish you two the very best of luck. I do hope life is good to you. Please let's keep in touch.

Love ya,
Robin
